SUMMARY

Skilled in designing and developing responsive web applications. Proficient in HTML, CSS, JavaScript, and React.js, with a strong focus on creating user-friendly interfaces and ensuring optimal performance. Proven ability to collaborate in agile teams, debug complex issues, and deliver high-quality solutions that meet client requirements. Passionate about staying updated with emerging web technologies and driving innovation in frontend development.

EDUCATION

Bachelor of Engineering in Chemical Engineering   *June 2016- August 2020*
Prime institute of engineering and technology (9.1/10)   *Navsari, Gujarat*

Higher secondary certificate   *June 2014- August 2016*
Gyan jyot vidyalaya   *Surat, Gujarat*

Secondary school certificate   *June 2013- June 2014*
Adarsh hindi vidyalaya   *Surat, Gujarat*

EXPERIENCE

Jr. Software Developer   *November 2023 - Till Now*
Sourcecube Technology Pvt. Ltd.   Surat, Gujarat
- Designed, developed, and maintained responsive web applications using React.js, ensuring seamless integration with RESTful APIs.
- Optimized application performance, adhered to best practices, and conducted thorough testing to deliver high-quality solutions.
- Collaborated within Agile teams, managed state using Redux, and actively participated in code reviews to enhance overall code quality and user experience.

Jr Software developer Trainee   *September 2023 - October 2023*
3Elixir software solution   Surat, Gujarat
- Acquired foundational knowledge of React.js, Git workflows, and best practices for organizing and structuring project folders.
- Strengthened skills in HTML, CSS, and JavaScript by building interactive and visually appealing user interfaces.

Production Officer/Executive   *November 2020 - May 2023*
Sun Pharma, Lupin Industries Ltd.   Ankleswar, Gujarat
- Supervised and managed large-scale chemical production processes, ensuring strict adherence to safety standards, quality control protocols, and production schedules.
- Collaborated with cross-functional teams to optimize operational efficiency, troubleshoot production issues, and maintain regulatory compliance.
- Coordinated team activities, maintained accurate production documentation, and drove continuous improvement initiatives to meet and exceed production targets.

PROJECTS

Unode
https://unode.unification.io/
- Contributed to a decentralized Web3 platform offering private and scalable RPC services.
- Integrated MetaMask login, NowPayments, and Superfluid payment systems to enhance blockchain capabilities.
- Used GraphQL for optimized data retrieval, improving functionality for developers and crypto traders.

Xplorx
https://cloud.xplorx.app/
- Developed a platform for deploying web services like Docker images, GitHub repositories, and PostgreSQL databases.
- Implemented features like live URLs, log monitoring, and custom domains to streamline workflows.
- Leveraged React.js and GitHub API integration to deliver a seamless user experience.

DBLYSER

https://dba-fe-xxxvii-ptbu.onxplorx.app/

- Developed an AI-powered platform to optimize PostgreSQL database performance with real-time monitoring, schema analysis, and query optimization.
- Implemented intelligent insights and actionable recommendations to identify and resolve performance bottlenecks efficiently.
- Ensured data security through encrypted credentials while delivering a user-friendly interface for database administrators and developers.

SANAD-HUB
https://sanad-hub.netlify.app

- Built an invoice management platform with multi-language support (Arabic and English).
- Designed a user-friendly UI using JOY UI, enabling admins to customize templates and manage financial data efficiently.

Book-My-Band
https://bookmyband.live

- Created a dual-panel platform for bands and fans, with features like profile creation, gig updates, and fan engagement.
- Integrated Razorpay for secure payment processing and enhanced user interaction.

Agrimandi
https://agrimandi.netlify.app/

- Developed a platform to provide real-time market insights into the sugar industry using the Chinimandi API.
- Focused on responsive UI and intuitive data visualization to enhance user engagement.

SKILLS

React.js, JavaScript, HTML5, CSS3, JSX, ES6+, Redux, React Router, Hooks, React Context API, Styled Components, SASS, Bootstrap, Material UI, Tailwind CSS, Responsive Web Design, Cross-browser Compatibility, REST APIs, Git, GitHub, NPM/Yarn, Agile Methodology, UI/UX Design, Version Control, Deployment (Vercel, Netlify), and Web Performance Optimization.

TOOLS/SOFTWARE

Figma, VsCode, ClickUp, PostMan, Github Desktop

ACHIEVEMENTS

Dedicated Employee   *November 2020*

Rising Start of the Month   *January 2024*
Sourcecube Technology

Quarter of the year   *June 2024*
